Plastic Recycling Guide – Roll-Out Bins

Scrap Management works with Stericycle/Shred-It facilities to RECYCLE PLASTIC.

We can pick up full loads of nested plastic HDPE Totes (See pics below)

Simply remove the LARGE wheels/metal rods & nest them.

You can leave the casters & metal latches on – Save your labor hours.

Leave wheels/rods on the bottom one to make loading easier - wheel them into the trailer

In many cases we can accept combo loads with other items:

- HDPE Pallets
- HDPE Totes – Not Roll-Out Bins
- HDPE Crates
- HDPE Trays
- HDPE Collapsible Bins/Knock-Down Totes
- Other Plastics – send pics to confirm.

We also purchase other plastics like LDPE Film, Post Industrial Trays, Film on Rolls, Etc

For a picked-up price quote just send a few pics and brief description to ib@scrapmanagement.com

Looking forward to providing you with amazing customer service.

Sincerely,

Igor Beylin
